

## KITE(IT@SCHOOL PROJECT)

KITE (IT@School) provides ICT enabled education to 1.6 million students per year in the state . It endeavors to enhance the intellectual productivity of teacher and the curricular comprehension of students. The work of the project saw 4 million students and 0.2 million teachers empowered in ICT through a network of dedicated 200 Master Trainers and 5600 IT Co-ordinators. KITE(IT@School) is the nodal agency for implementing EDUSAT network and runs an exclusive channel for education called "VICTERS" (Versatile ICT Enabled Resource for Students). The project has now associated with BSNL to provide Internet broad band connectivity to all high schools in Kerala. . The success of the Project can be visualised by the conduct IT practical examination in free software for about 4 million students, first of this kind in the world with so much vast resourceful deployment of free software. The efforts of Project saw deployment of adequate IT infrastructure to all schools including computers and other accessories. Single largest simultaneous deployment of FOSS based ICT education in the world.
